

MC³ MANAGERIAL DEVELOPMENT

Art of Engagement, Milton Keynes

Who is it for?

It is aimed at managers at any level.

How long is it?

One day

Why it works?

Quality conversations create quality relationships, and great relationships drive effective organisations that deliver results. The workshop is designed to help managers to build those quality conversations.

Throughout the workshop you will be asked to focus your thinking on two key areas:

- **What you get from your manager**
- **What you give to your team**

In order to have successful management relationships, it is essential that you get what you need from your manager so they can give the team what it needs.

Throughout the day you will be given real life best practice examples of what is working in other organisations to help develop your understanding of how managerial behaviour can impact on all areas of the workplace.

You will leave the workshop with a framework to help begin conversations with your manager and your team. You will also develop an action plan with four commitments to make immediate impact on how you Motivate, Consider, Care and Converse with your team.

How much does it cost?

£495 plus VAT per delegate
